**Singapore, 17<sup>th</sup> October 2013** – Frost & Sullivan today honoured and recognised Singapore's best at the inaugural 2013 Frost & Sullivan Singapore Excellence Awards banquet.

Mr. Manoj Menon, Partner & Asia Pacific Managing Director, Frost & Sullivan said that the Awards seek to recognise best practices and outstanding performance by companies across sectors such as energy, environment & building, healthcare, logistics, information communication technologies and telecoms in Singapore market.

“Through this event, it gives us great joy to celebrate the top companies in Singapore whom have demonstrated outstanding achievement and superior performance in areas such as leadership, technological innovation, customer service, and strategic product development,” he added.

Award recipients for the 2013 Frost & Sullivan Singapore Excellence Awards were identified based on in-depth interviews, analysis, and extensive secondary research conducted by Frost & Sullivan's analysts. Companies are typically researched on their revenues, market share, capabilities, and overall contribution to the industry.

The findings of the detailed evaluation will then be presented to a panel of judges to decide the recipient for each category. Information on the award methodology can be found at [http://www.frost-apac.com/singaporeawards/selection\\_process\\_criteria.htm](http://www.frost-apac.com/singaporeawards/selection_process_criteria.htm).

“The recipients of the Frost & Sullivan Singapore Excellence Awards have clearly demonstrated outstanding performances, rising above the competition in Singapore,” Mr. Menon said.
